

## **Production Floor Manager – Kitchen Manufacturing**

### **Role Overview**

We are looking for an experienced Production Floor Manager to take day-to-day control of our factory and lead our machining, assembly and dispatch teams.

This is a practical leadership role focused on running the production floor, improving quality, reducing snags and rework, and ensuring kitchens leave the factory complete, on time and to a high standard.

### **Key Responsibilities**

- Lead and manage the factory floor teams across machining, assembly and dispatch
- Plan and organise daily and weekly production to meet delivery schedules
- Drive quality standards and reduce snags, rework and incomplete jobs
- Ensure jobs move through the factory in the correct sequence
- Maintain safe, tidy and well-organised work areas
- Deal with day-to-day issues on the floor and resolve problems quickly
- Support and develop team leaders and operators
- Work closely with logistics and installation teams to support smooth deliveries
- Report key production issues and risks to senior management

### **What We Are Looking For**

- A strong, practical production floor leader
- Proven experience leading people in a busy workshop or factory environment
- Experience in kitchen, joinery or furniture manufacturing is a strong advantage
- Confident dealing with production problems, quality issues and scheduling pressures
- Comfortable managing people and performance, not working on the tools

### **Important Notes**

- This is not a corporate operations or systems-led role
- No degree is required
- Practical leadership experience and the ability to take ownership of a production floor are what matter most

### **Location**

Roscommon, F42 RC85

### **How to Apply**

Please send your CV in confidence to [careers@mlk.ie](mailto:careers@mlk.ie)

All applications will be treated in the strictest confidence.
